Advanced for a possible final vote Monday was a measure to authorize the Anthracite Mine Drainage Study Commission to act in an advisory capacity in the allocation of funds.

The purpose of changing the name of the Department of Mines is to recognize a new duty of administering underground gas storage areas. For this task the department would be appropriated \$100,000.

Sen. Fleming (R-Allegheny) said the only reason for delaying action was to give senators time for further study of the bills.

# **Has Trade Troubles**

Referees-Biesecker, Gigous.

FORT MYERS, Fla. (A)-Joe L Brown, the new Pittsburgh Pirate make a major trade, is a little bit disappointed these days.

Admittedly anxious to bolster the Pirate hitting attack, Brown said today he got nowhere recently in a talk with Roy Hamey, general manager of the Philadelphia Phillies. He said Hamey wanted outfielder Frank Thomas, who is expected to led the Pirate offense. Brown said he couldn't do business with the Phils for players like Thomas or pitchers Bob Friend and Vernon Law unless the Phillies gave up some of their top players.

Hall's a wonderful athlete and a big fellow. He was an outfielder and always was tough to get out. He has good control but needs to develop an effective change up pitch. Hall hit .239 in 112 games as a Pirate outfielder in 1954. Now he's

coming back as a pitcher.

Other Prospects Other top major league prospects from the Class A Western League are Bob McKee, and Bob Thorpe, Des Moines (Chicago Cubs); Ramon Conde and Dom Zanni, Sioux City (Giants).

McKee, 22, second baseman, has a good arm and was the best double play man in the league. He hit .278. Thorpe, 20, has a good assortment of deliveries. He was 10-10 and needs a change up pitch.

Conde, 20, shortstop, is a good hitter and runs well. He hit .346 with 11 homers.

Zanni, 23, has a fine fast ball, a fair curve but needs that change up pitch. He was 15-12. Whether any of the Western League pitchers make the grade may depend on their ability to

No, we're talking about something more.

We're talking about the friendliness you're going to encounter-how you'll be driving among people who seem to know something about you, and who are ready to trust and respect you as if they had known you for a long, long time.

This is true, of course, because Cadillac quality and goodness have made it the overwhelming preference of people of judgment and discrimination-and the whole world has come to know and

understand this and to appreciate what it means.

Yes, your best foot is forward when it rests on the throttle of a 1956 Cadillac.

This great personal benefit is strictly a plus value when you take the title of the "car of cars." It comes in addition to the long-known Cadillac virtues: matchless beauty and luxury and comfort, and safety and long life.

Why not consider a Cadillac for your next car? It is a logical choice-not only for quality and goodness and prestige-but for economy of owner-

ship and operation as well.

We suggest that you come in soon and see for yourself. We'll be happy to give you a personal demonstration at the wheel . . . and to explain why this is such a wonderful time to make the move from every standpoint.
